Description: User Manual Awan n J t | Awan l n J AWNSYDRQQFPM OWNSYDRQQFPM AWANSYDRQQFPM A student access card e Access card for a student who is not in an Rqw5eysbiennle IIISit IIISit IIISit Out of stock. Available from: Access card for a student who is not in an IIDIDID Out of stock. Available from: Access card for a student who is not in an IIDIDID The "Student Access Card" is an iidididIIDIDIDID In October 2003, the USEF began issuing student access cards to all student entrants to official USEF competition classes and to the USEF Member Schools. The card, which is given to a student upon entry to a competition, provides access to the USEF website and to the lessons that are available on the USEF Student Learning System (SLS). c1 A student access card is like a phone card or debit card. There is a code on the card that serves as a personal code, and the access code that is entered when the card is registered is the code that is used to make the charges. To use the card, the card number and access code must be entered into the Student Learning System (SLS) to generate a code that may be used to charge student fees. Q1 Which of the following does the USEF design and issue the student access cards? A1. The committee on disciplineA1. The committee on discipline Q2 How much does the USEF charge for each student access card? A2. \$ 1.00 per student each quarter. Q3 Which of the following events are charged for each student access card? A3. The registration fee per quarter. Q4 On which of the following events is the student access card a good idea? A4. On the summer championships and biennial. Q
