SnipClik Crack Free Download

SnipClik Cracked Accounts is a software that allows you to quickly process hundreds of photos. Note: SnipClik is not a photo editor. There is another image editing software, worth installing, while SnipClik is a photo processing software. SnipClik's main goal is to create a new photo that contains a watermark, automatically remove a portion of the image content, strip EXIF data from a picture, easily remove a closed caption. SnipClik's main task is to help you to process photos faster. Because it doesn't require to open each photo, strip EXIF data, crop etc, it can process hundreds of photos. Each photo is opened only once. And after processing, the EXIF data is displayed in the image. Tags: SnipClik software. File Size: 9.6 MB. File: SnipClik.exe Folder for SnipClik.
