## AOMEI Partition Assistant 8.6 Crack \_HOT\_ License Key Portable

AOMEI Partition Assistant Crack is a productive section of manager software. This program is available in Standard, Professional and. In our case, we will use the Pro version, since it has advanced functionality. So, let's get to work. After launch, a toolbar will appear on the screen, which we already know from the previous version, but instead of one main window, two will appear. The first is the settings window, in which you can change the interface language, select folders for storing program files, and also set the location of folders with logical drives that will be displayed on the desktop.
