07-03-2018, 03:23 AM The first time I downloaded it, I got an error (a strange window about Too Many Open Files) but after fixing that, I tried to open it again and the same message popped up again. Joe Devlin 07-03-2018, 06:42 AM Hi Dimitri, Sounds like you are having issues opening the app on Windows 10? If so, try this troubleshooting process: Download the latest version of picoCAD Free Download for Windows, which is available for Mac and Linux. Make sure that your Device and Use Disk Permissions is set to Full Control. If that doesn't work, this article gives some more detail. Find the.exe file of picoCAD Activation Code, and rename it to picoCAD_UPDATE.exe. Double-click on it to launch the app. If it still doesn't work, rename it again to picoCAD_UPDATEC2.exe. You should then be able to launch the app. If that doesn't work, download picoCAD and open the folder and double-click on the app. Double-click on picoCAD.exe and follow the prompts. Reinstall the update if necessary. Elvis9919 07-03-2018, 03:45 PM I am having issues when running on Windows 10 and I get an error message that pops up saying...waiting for process to exit... I have had it crash multiple times, It crashes as soon as I navigate to the model view. Any ideas? Ron Mihalik 07-04-2018, 09:47 AM 1. Make sure the b7e8fdf5c8
